AMERICAN TRIUMPH

Incurved Cactus.

Illustrated on front cover

THE SENSATIONAL SEEDLING

At the A. D. S. Show

Undoubtedly the finest true Cactus Dahlia ever produced. Such an unusual coloring, the brightest shade of pure oriental red without a trace of any other color. The large deep blossoms have good substance and are held facing to upright on extra good stems over a medium tall bush. It will not only make a most worthy addition to the Cactus class in which there are so few good exhibition varieties, but an exceptionally good garden and cut flower as there is no better keeping Dahlia in existence. Winner of the American Home Sweepstakes, for the most outstanding new seedling in the entire show, in the largest and strongest class of seedlings ever exhibited at New York.
